

# Be part of wildlife conservation's greatest success story...

NWTF habitat project near Pocatello

**The restoration of the wild turkey** in North America is truly amazing. Completely eliminated from more than half of its historic range and facing dwindling numbers where it remained, the majestic wild turkey needed help. Forward-thinking game management specialists got the ball rolling in the 1940's and 50's but real success began in 1973 with the founding of the National Wild Turkey Federation. Ten years later, Idaho's first NWTF chapter joined the effort. In Idaho, over \$500,000 has been raised to increase turkey populations, improve habitat and create new hunting opportunities. Join Idaho NWTF and do your part. **Be part of the success!**
